

COMPOSITE FLUID LEVEL GAGES

- Corrosion Resistant
- Dimensionally Stable
- Non-Fading Markings
- Accident & Vandal Resistant
- Designed and Built to Order

25 year
Corrosion
Warranty

As a leader in corrosion resistant equipment for fluid measurement and control, Plasti-Fab has thousands of Gages installed in corrosive environments around the world. Plasti-Fab products are fabricated from highly corrosion resistant composite fiberglass reinforced plastic (FRP) with a 25 year corrosion warranty. Plasti-Fab is recognized around the world as an experienced innovator providing composite solutions for municipal and industrial fluid measurement applications.

KEY FEATURES

- Standard 1/4" thickness with custom thicknesses available
- Premium grade isophthalic gel coat for long term corrosion resistance
- "S" style stencil gage with large block lettering for easy reading
- "P" style gage for smaller applications with various lettering styles available
- Letter / numeral height and markings customized for each application
- Impact resistant (See ballistic test results at <http://www.plasti-fab.com/blog/2011/01/plasti-fab-head-gages-are-durable-enough-withstand-gunshots-and-vandalism>)

DESIGN FEATURES AND ACCESSORIES

CONVENIENT FEATURES & ACCESSORIES

- Standard white background with black lettering or custom color combinations available
- Markings available for elevations or increments in US, Imperial and/or Metric combinations
- Standard gage widths: "P" style 3 to 6 inches and "S" style 6 to 14 inches. Custom widths available.
- Mounting screws or anchor bolts available in various corrosion resistant materials
- Factory drilled mounting holes
- Optional frame for easy insert/removal
- Alternative mounting styles available
- Longer gages sectioned for shipping include splice plates for easy and accurate installation

Sectioned Gage

Plasti-Fab is a world class manufacturer of composites with over 40 years of experience designing, engineering and building products for fluid management and control. Recognized around the world as an experienced innovator and provider of quality composite solutions, Plasti-Fab has a wealth of experience and expertise in flow measurement products.
