

Automatic Chemical Analysis Systems for Water & Wastewater Monitoring & Control, including nutrients, halogens, dissolved metals & optical parameters

FLEXIM

Clamp-On Ultrasonic Flow Meters for Portable & Permanent Applications. Transducers have NIST traceable calibrations, plus AWWA & ASME approval

The Water Monitoring People

C.C. LYNCH & ASSOCIATES is an employee-owned sales and service agency specializing in water monitoring instruments.

Our core competencies include automatic sampling, water level, flow measurement, and water quality instrumentation.

Our markets include:

Drinking Water

Waste Water

Groundwater

Industrial Water

Sewer Collection

Surface Water

Engineering/Professional

C.C. LYNCH provides capable field service to ensure successful installation start-up and ongoing O&M.

C.C. LYNCH also RENTS and REPAIRS a number of different monitors, provides Flow Validations, and conducts Short-Term Studies.

LevelTROLL Water Level Recorders, AquaTROLL CTD & Multiparameter Sondes, Remote Telemetry

Composite FRP Headworks Gates, Stop Logs, Flow Measurement Flumes, Metering Manholes, Fiberglass Instrument Shelters

Monitoring Solutions for sewer collection systems for CSO monitoring and reporting, SSO prevention, H₂S, Manhole Security

On-Line Analyzers for Potable Water, Wastewater, High Purity, Ammonium, Chlorine, pH, Phosphate, Turbidity, Water Distribution Panels

Automatic Samplers: Portable & Refrigerated, Open Channel Flow Meters, LaserFlow, StormWater Monitoring Systems, Sewer Collection System Flow Monitors & SSO Alert

Acoustic Doppler Current Profilers (ADCP), Flow & Discharge Measurements for Channels, Rivers, and Streams

BUSINESS PARTNER

Unity Asset Management Software, GPS & Mobile Devices, Hydrant Pressure Recorders, Remote Telemetry, Leak Detection
